

MOUNT-IT!

MI-396

Full Motion Weatherproof TV Wall Mount

WEATHERPROOF

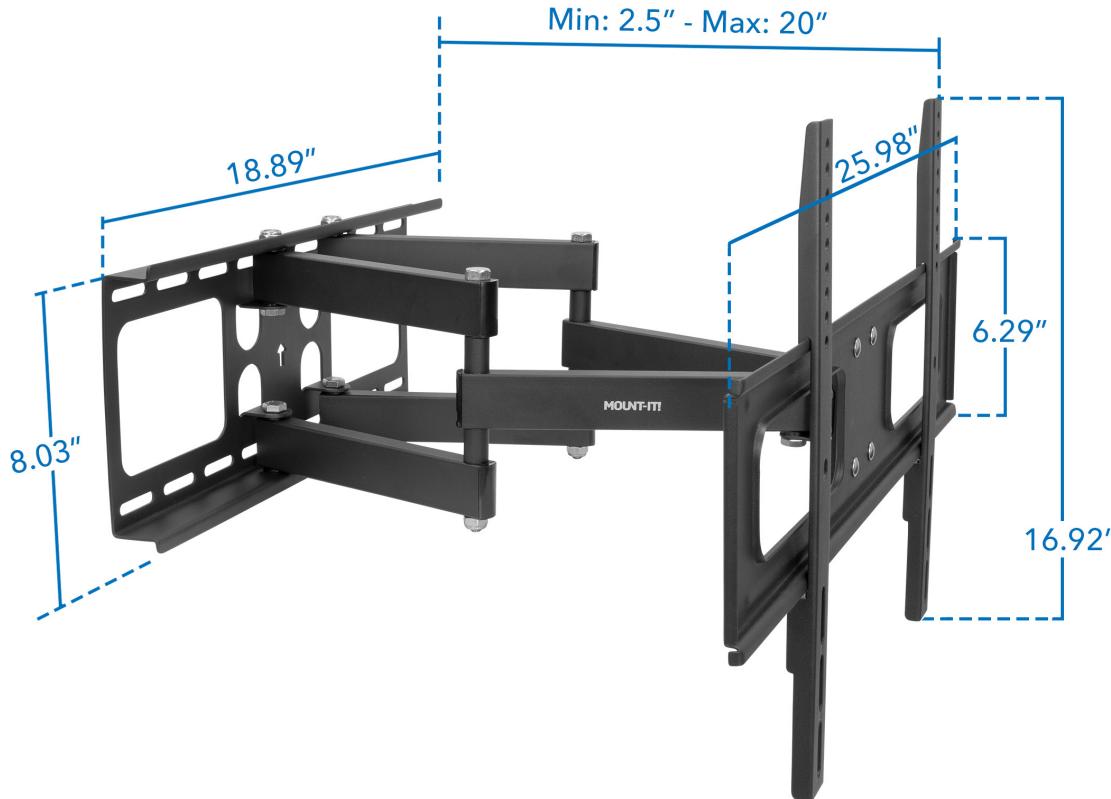

Designed for patios, decks, balconies or any outdoor space, this mount is the perfect weather-proof solution to mount your TV outdoors. Electroplating process covered with a high-grade outdoor powder coating finish ensures it can withstand coastal environments and harsh weather conditions. All the screws and exposed hardware are stainless steel to help prevent rust and protect against wear and corrosion. Tilt, swivel and built-in level adjustment ensure the best viewing experience.

- Weatherproof for outdoor use
- Electroplating, extended outdoor-ready powder coating, corrosion resistant finish, & stainless steel hardware
- Full motion tilt, swivel, and leveling adjustments
- Extends up to 20" away from the wall
